THE FORMULA FOR SUCCESS®

Super 16

Super 16 is the ultimate nutritional package for growing foals, developing weanlings and mares in peak lactation. It's designed to provide minimal feed adjustment, exceptional appearance and uniform growth and body condition.

The highest-quality rolled and whole grains wrapped in molasses make Super 16 an extremely palatable and highly digestible source of proteins, calories, vitamins and minerals. It can be the sole ration for management situations that demand simplicity and flexibility.

Super 16 is fortified with Stamm 30®, the industry's most highly valued equine protein, vitamin and mineral supplement. Stamm 30 provides bioavailable sources of critical micronutrients to both mature and developing horses.

Feeding Instructions

Super 16 is designed to be fed at 6-18 pounds per day, depending on the horse's size, body condition, development or reproductive stage. Super 16 is fully-fortified, additional protein, vitamin or mineral supplements are unnecessary if fed as directed. Always provide clean, fresh water and high quality hay.
