MuesliMax®

Specifically formulated with the performance horse in mind, **MuesliMax®** offers high energy to the high-performance equine. MuesliMax offers a variety of energy sources, selected to maintain a physical edge through a rigorous training campaign. The use of oats and barley provide quick release energy combined with the slow release of vegetable oil.

Carrots in the mixture serve as an antioxidant and to enhance immunity while providing natural vitamin A. Black oil sunflower seeds serve as a source of protein and fat for energy and coat conditioning. MuesliMax incorporates these diverse ingredients to be easily recognizable to horsemen and equine alike, both visually and in palatability.

Feeding Instructions

This feed is a fully fortified ration. It is not necessary to add additional protein, vitamin or mineral supplements if this feed is fed as directed. Feed at the rate of 6-18 pounds per day depending on the intensity of the work, size and body condition of the horse. If individual feeding level drops below this minimum, consult Hallway Feeds on the use of a protein, vitamin, and mineral supplement, i.e. Stamm 30®. This feed is designed to be offered alongside forage to provide a balanced diet and to do so should be fed with a minimum of 1.5% of bodyweight per day of high quality forage (hay, pasture, hay cubes). Always provide a clean, fresh source of water and free choice salt. Contact Hallway Feeds or your local dealer if you have any questions about the use of this product.
